Dear The Federal Communications Commission,

Please support the "Fair Share Plan" as the solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little we may use long distance.

Under the flat fee or numbers-based plan you are considering, people like me who make VERY FEW long distance calls would pay the same as people or businesses that make many calls. It would be unfair to charge low-volume and residential customers the same fees as high-volume customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan.

Sincerely,

Ginger Babin
